

## ORLEANS COUNTY MONITOR.

PUBLISHED WEEKLY AT  
BARTON, VERMONT.  
WALLACE H. GILPIN,  
EDITOR AND PUBLISHER.

TERMS:—When Paid Strictly in Advance  
\$1.50 A YEAR.  
In asking for a change of address, always  
state where your paper is now sent.

Barre is on the dry list this year.

Rutland will not be very dusty this  
coming year.

It looks now as though the Russian  
would be fully beaten.

There will hardly be an occasion for  
a peace treaty between Japan and  
Russia.

The time is drawing nigh when the  
sugar makers of our state will reap a  
harvest.

The strike on the Subway and "L"  
roads in New York is not proving  
disastrous to traffic.

This time it is not an accident on  
the Brooklyn electric line, but one in  
the New York Subway at 23d street.

Boston's streets are in a state of  
dampness—Vermont is not very dry  
but a trifle more so as the people be-  
came impressed with the evils of a  
local option law.

The announcement that the United  
States Steel company, more familiarly  
known as the steel trust, will make  
a general increase of wages affecting  
no less than 170,000 employees, is one  
of the encouraging signs of our times.

Governor Bell left Washington early  
Monday morning in order to reach  
Walden in season to vote in March  
meeting. He has never missed a vote  
yet, and he does not propose to begin  
now. His example in this respect is  
worthy of a big following.—Republican.

Mr. Cortelyou does well to resign  
the post of chairman of the national  
Republican committee on taking the  
office as postmaster-general. In this  
office he is the servant of the whole  
people and should avoid the appear-  
ance of offensive partisanship, both  
for his own credit and as an example  
to all subordinates. Mr. Cortelyou's  
administrative energy and discretion  
are now so well established that the  
public have good reason to presume  
that he will manage his office excel-  
lently. It is a time for him to re-  
member that he serves his party best  
who serves his country best. We shall  
not expect many fulminations from  
him of a partisan character. He is  
not naturally a garrulous person, and  
up to last summer he had no public  
fame as a politician. The repute he  
now has of this kind is not that of a  
speech-maker or free talker; but that  
of a man who attends strictly to busi-  
ness and accomplishes results.—Boston  
Herald.

There will be a great decrease in  
the liquor traffic in our state the com-  
ing year. Only 36 towns went yes.  
It is somewhat gratifying to the law-  
abiding citizens to learn that the law  
is not meeting with as much favor as  
it has in the past two years.

A resume of the different counties  
will serve to show conclusively that  
the above statement is a surety.

Addison went no, with the excep-  
tion of Vergennes; Bennington cast  
yes ballot in five towns; Caledonia  
went no; Chittenden is to have li-  
cense in three towns; Essex has li-  
cense in but one town; Franklin has  
but two; Grand Isle one; Orleans  
went no; Orange stands for no this  
year; in Rutland there will be six  
towns to deal out the ardent; Wash-  
ington boasts of two towns that stood  
yes; Windham is in the no column;  
Windsor has a showing of but four for  
license.

Keep Thinking about It.  
Cough syrup that are constipating  
leave the stomach and bowels in a dan-  
gerous condition. A cough syrup that is  
laxative is sure to give better results. Lix-  
all is a laxative, and if it fails to cure to  
your cough or cold we will pay back your  
money. H. C. PIERCE, WELLS & WIL-

## STATE NEWS.

To Investigate Ross Fatality.

The board of railroad commission-  
ers met at St. Johnsbury on Wednes-  
day to investigate the fatal accidents to  
the Hon. and Mrs. Jonathan Ross.  
Fred S. Platt Resigns.

Fred S. Platt, of Poulney, has for-  
warded to Governor Bell his resigna-  
tion as inspector of finance and the  
governor will appoint Luther A. Cobb,  
of Island Pond.

Injuries Proved Fatal.

Milo Curtis, a derrickman employed  
in the stone shed of Jones Bros.,  
Barre, was hurled around a shafting  
last Monday and thrown violently to  
ground, striking on his head, caus-  
ing concussion of the brain. He was  
taken to the emergency hospital  
where he died the following day.

## Vermont M. E. Conference.

The 61st annual session of the Ver-  
mont conference of the Methodist  
Episcopal Church will be held at  
Enosburgh Falls. The conference,  
which will be in session for nearly a  
week, will open on Tuesday, April 18,  
and continue until Monday, the 25th,  
with Bishop David H. Moore of Port-  
land, Ore., presiding.

Corey Released.

Charles Corey, who has been con-  
fined in Washington county jail in  
Montpelier since September 19, 1904,  
charged with the murder of Charles  
McLane, in Worcester, March 14, 1904,  
was released March 9th, the case be-  
ing not pressed on account of lack of  
evidence and the death of the prin-  
cipal witness, Warren Ellis, in the  
Heaton hospital, last November.

Wm. B. Howard Missing.

William B. Howard, aged 35 years,  
of Burlington, has been missing since  
March 1. He started to walk across  
Lake Champlain at 5 o'clock that  
afternoon accompanied by a dog.  
The dog came back. The man prob-  
ably perished. He was five feet, eight  
inches tall, had a light mustache,  
wore dark clothes, an overcoat, and a  
derby hat. He has a wife and three  
children.

Burned to Death.

George Williams met a horrible  
death at his home in Upper Waterford  
Tuesday morning. The house was  
discovered in flames at 4 o'clock and  
an hour later, when the fire had been  
extinguished, the dead body of Wil-  
liams with both legs burned off, was  
found lying across a bed. A mysteri-  
ous feature of the case is the fact  
that the upper portion of Williams' body  
was scarcely affected by the fire, and  
he was in a room where the blaze  
had done little damage. Williams  
owned the farm on which he resided  
and lived alone. He was 60 years of  
age and was a veteran of the civil war.

THE LADIES favor painting their  
churches, and therefore we urge every  
Minister to remember we give a liberal  
quantity of the Longman & Martinez Paint  
toward the painting.

Wears and covers like gold.  
Don't pay \$1.50 a gallon for Linseed Oil  
(worth 60 cents) which you do when you buy  
other paints in a can with a paint label on it.  
8 & 6 make 14, therefore when you want  
fourteen gallons of paint, buy only eight of  
L & M. and mix six gallons pure Linseed  
Oil with it, and thus get paint at less than  
\$1.20 per gallon.

Many houses are well painted with four  
gallons of L & M. and three gallons of  
Linseed Oil mixed therewith.

The Celebrated Paints are sold by H. C.  
Pierce.

## GENERAL NEWS.

Mrs. Chadwick on Trial.

Mrs. Cassie L. Chadwick, the sensa-  
tional financier who did business on  
spurious million dollar notes bearing  
Andrew Carnegie's signature, is on  
trial at Cleveland, O., for conspiracy.

Abolished by Czar.

The Shidlovski commission appoint-  
ed to ascertain the causes of discon-  
tent among the working people of the  
city, has been dissolved by the Em-  
peror's orders. The action is due to  
the refusal of the workmen to elect  
representatives to the commission.

Elevated Strike Broke.

About 5000 men employed on the  
New York elevated and subway rail-  
roads struck Monday, the employers  
not granting their demands. The sys-  
tem was embarrassed for a few hours,  
but within the day enough men had  
been secured to operate most of the  
trains, and the strike was considered  
broken.

In Open Rebellion.

The St. Petersburg correspondent of  
a London paper says that 130,000 Mon-  
gols, Ossieles and other landless  
mountaineers in western Caucasus are  
reported to be in open rebellion. Ku-  
tis is the center of another formida-  
ble uprising. Bloody conflicts have  
broken out again at Batumi. It is  
officially reported that fifteen persons  
have been killed.

Senate Has San Domingo Treaty.

The Senate is convoked in special  
session to consider the president's  
new appointments, and to act on the  
Santo Domingo treaty. There is  
strong opposition to the latter on the  
ground that it is a dangerous exten-  
sion of the Monroe doctrine. Presi-  
dent Roosevelt has directed another  
message urging its ratification to the  
Senate.

The Stanford Case.

The inquest over the body of Mrs.  
Leland Stanford was practically com-  
pleted by the coroner Tuesday after-  
noon. From the testimony of chem-  
ists the jury was led to the conclusion  
that only a minute quantity of strychnine  
was found. This, according to  
the police, leaves the cause of death  
a mystery. The doctors persist in the  
belief that death was caused by  
strychnine.

Appropriations.

Statements were issued Wednesday  
for publication in the Congressional  
Record by Mr. Hemenway, late chair-  
man of the House committee on ap-  
propriations, and by Mr. Livingston,  
the ranking member of the minority  
on the same committee, showing that  
the appropriations by the session of  
Congress just closed were \$818,478,914  
as against \$781,172,375 for the pre-  
vious fiscal year. Mr. Livingston  
makes a comparison of the four years  
of the last Cleveland administration

and the four years of the adminis-  
tration just closed, showing that in 1893-  
1896 the appropriations were \$2,016,-  
343,753 and during the years 1903-1906  
the appropriations were \$3,153,334,292.

Simplon Tunnel Completed.

The boring of the tunnel through the  
Alps under the Simplon Pass between  
Brigue, Switzerland, and Iselle, Italy,  
was completed recently, after seven  
years of hard work and at a cost of  
fourteen millions of dollars, divided  
between the railroad company which  
is to control it and the governments  
of Switzerland and Italy. This tunnel  
is about twelve miles long, while the  
St. Gothard tunnel is nine and a  
quarter, the Mt. Cenis tunnel a little  
over seven and a half and the Hoosac  
tunnel four and three-quarters. For a  
long time tunneling of the Simplon  
was considered impossible, but the  
twelve miles of rock and soil have  
now been pierced, and direct railway  
communication will be open between  
Paris and Milan without the heavy  
grades of the St. Gothard tunnel.

A Card.

We, the undersigned, do hereby agree to  
refund the money on a 50-cent bottle of  
Green's Warranted Syrup of Tar if it fails to  
cure your cough or cold. We also guarantee  
a 25-cent bottle to prove satisfactory or  
money refunded.

LETTER TO C. W. TENNEY,

BARTON, VT.  
Dear Sir: Here is a paint that's being sold

to bargain hunters:  
10 per cent lead  
50 " " zinc  
20 " " barytes  
20 " " whitening  
Barytes and whitening are sand and whitewash,  
not paint.  
Some people must like gold bricks. The  
name of that paint is—"pure lead-  
and-zinc." The dealer who sells it says it's  
as good as Devoe.

Yours truly,

F. W. Devor & Co
